Lunch			
Mon, Tues, Thurs: Festival / Wed, Fri: Noontime Show			
Fifth	Afro Carribean	Rock Band	Noontime Show Production
Sixth	Groove School	Dungeons & Dragons	Swim

COURSE DESCRIPTIONS

Contemporary Dance	1	This class is designed for students with a minimum of one year training of any dance style. We will focus on understanding body alignment, coordination, rhythmic phrasing, sense of weight, flow and expression through movement. This class also incorporates technical styles of Horton, Limon, Graham. A lyrical/contemporary dance will be taught and performed displaying the beautiful technique the campers will learn.
Recording Studio	1	This is your chance to dive into the studio engineering process and produce recorded music! Learn how to build a song starting from scratch by recording instruments like bass, guitar, and drums, and adding vocal tracks. Workshop arrangements of covers and camper originals by writing new parts and layering them together to enhance the song! You are very welcome to bring in your own instruments for the session, whatever they may be; we can always find a way to incorporate a diverse set of sounds into the mix. Recording engineers use both creative and problem solving skills to produce new songs, and together we can achieve something amazing.

Video Comedy	1	Knock-Knock... Who's there? It's Video Comedy! And it's starring you! Comedy in recorded format has been around for many years. Over that time it has taken on many forms. As a student in this class you'll get a chance to explore the evolution of comedy in a variety of formats. From Charlie Chaplin to Tina Fey to the YouTube stars of today, you will learn the nuts and bolts of comedy. Working in small groups, you will write and produce your own short videos utilizing the styles and techniques that have been making people laugh for nearly 100 years.
Hip Hop Fusion	2	Hip Hop, one of the most popular dance styles today, is the kind of dance that a lot of the kids are doing - either making up their own steps to the latest or old school hip-hop and R&B music or learning a routine taught by a dance teacher or friends. So whether you've never hip hopped before or you think you're a master at it, this is the class for you. Come join the fun and have the opportunity to freestyle, learn today's latest moves and more for an awesome, flashy routine that will be performed!
Songwriting	2	Have you ever tried writing your own song? Have you ever wanted to? We will spend the entire class writing songs and figuring out how to transform your ideas into a song. We will cover everything from getting an original idea for a song to structure and rhyme. We'll also experiment with writing in different styles. This class is for all levels. Playing an instrument is by no means required, but if you play one, bring it!
General Sports	2	We'll play outdoor sports and games depending on what the group wishes to do. Join us and have a great time playing on the beautiful, well groomed fields on the Park School campus. Get some fresh air and exercise!
Jazz Dance	3	This dance class is for campers interested in an emphasis placed on body alignment, stretch, muscle control, shifts of weight and directional change. Students will learn the basic jazz dance vocabulary which will be incorporated into a dance.
Great Scenes	3	Have you ever imagined what it might be like to be on set for some of your favorite movies? Do you think you might want to one day work in "the biz"? Get a taste of Hollywood as you explore the anatomy of film making and visual storytelling. In this class we will remake great movie scenes, from storyboarding, to costume design, to sound design and screen direction, we'll do as much as we can to make our production look as good as the original, maybe better! If you've ever imagined you were a famous filmmaker like Steven Spielberg, Sofia Coppola, or Peter Jackson, this is the class for you.
Ultimate Frisbee	3	This fun and fast-paced game is a favorite at CAAP! The game includes all the great aspects of basketball and football. It is extremely easy to learn and a lot of fun to play. Completely non-contact!
Afro Caribbean Dance	5	If Reggae, Calypso, and Soca music and the sounds of the Caribbean make you want to move, and you are interested in a high energy class, then come join us in Afro-Caribbean dance. You will learn a fusion of different dance techniques such as African, Haitian, Latin, and traditional Caribbean moves.

Rock Band	5	Join together to rock the camp with this electric band! Blues, Rock and Pop tunes will be rehearsed and performed by members of the group. There will be two sets of drums and an electric bass available. Guitarists need to provide their own instruments! Students should have experience on the instruments they will play in the band.
Noontime Show Production	5	Ever wonder how the noontime show is produced? Get a behind the scenes look at how the show comes together, gets recorded on video and ultimately broadcast for the entire world to see! In this premier course offering you will learn how to plan, produce, record and direct your very own live performance. Through hands-on activities and team building exercises, you will have an opportunity to hone the skills necessary to work together as part of a real live video production unit. Be a part of something exciting and brand new! Come hang out and learn the ins and outs of live broadcast television in this fun and fast paced video class.
Groove School	6	Always wanted to play drums in a band? Fulfill your dream to play drums this summer! Beginners, intermediate or advanced drummers learn the real deal on how to play together and make drum beats super groovy and fun in a group setting. Learn new styles, fills and play along with your favorite songs. "Rudiment Boot Camp" and daily warm-ups get your chops blazin'!
Dungeons & Dragons	6	Welcome, adventurers! Dungeons and Dragons (D&D) is a fantasy role playing game (RPG) in which players create characters and embark on epic journeys with the hopes of making memorable moments and, most importantly, finding that sweet-sweet loot. Taking traditional elements from the fantasy genre, D&D presents players with a virtual stage on which to create and control an imaginary persona in a fictional landscape. You and your friends will learn the basic rule set that governs the gameplay as well as how to develop your own short format campaign to present to your classmates. At it's most basic, D&D is collaborative storytelling; at it's most complex, it is only limited by the scale and scope of your own imagination!
Swim	6	Enjoy recreational free swim in our Olympic size heated swimming pool. Lifeguards will supervise this class.
